

NOTICE REGARDING WELLNESS PROGRAM

The Tacoma Employee Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the Tacoma Employee Wellness Program you will be asked to complete a voluntary health risk assessment or "HRA" through the RedBrick health portal, which is called a "Compass Health Assessment." This assessment asks a series of questions about your lifestyle, health numbers, and diagnosed conditions. You will also be encouraged to participate in certain health-related activities called "Journeys" or "Track" through the RedBrick health portal. You are not required to complete the Compass Health Assessment or participate in Journeys or Track activities.

However, employees who choose to participate in the wellness program will receive incentives for meeting certain requirements listed below. Although you are not required to complete the Compass Health Assessment or participate in Journeys or Track activities, only employees who do so will receive the wellness incentive (except for employees who hire between July 1st and September 30th of an incentive cycle, as they are less likely to be able to meet the program requirements). These individuals are provided the incentive when hired but required to meet the program requirements to earn future incentives.
